

SURF. SUN. AND STARS.

A closer look at UC San Diego reveals that we don't just ride waves, we make them. We're constantly striving to improve our communities with exceptional educational opportunities, a collaborative and cross-disciplinary culture, and transformative public service. Our efforts combine to create a major economic engine for San Diego—and a force for good around the planet.

- #1** Best public university in the nation for contributions to social mobility, research, and public service (*Washington Monthly*)
- TOP-RATED** Public university in the nation for our high graduation rates, strong job placement, and low student debt
- TOP TEN** Among the best in the nation for gaining a quality education at an affordable price (*Money Magazine*)
- 38,798** Total student enrollment (*fall 2018*)
- \$1.2 BIL** Research portfolio, making us 7th in the nation for sponsored research (*National Science Foundation*)
- 74,071** Jobs supported by UC San Diego throughout San Diego County—nearly twice the capacity of Petco Park

ECONOMIC IMPACT

A powerhouse in education, research, health care, and community involvement, UC San Diego plays a vital role in the fiscal health of the region. Our economic impact drives employment and government revenue not just locally, but throughout California.

75,000 MINDS.

- \$16.5 BIL** Annual economic impact in California—more than the entire annual revenue of Arizona
- 100,492** Jobs supported throughout California
- 1ST** For access, with the highest population of low-income students from the bottom income percentile (*The New York Times*)
- \$58,290** Average undergraduate starting salary (Class of 2018)

HEALTH IMPACT

UC San Diego Health is the region's only academic health system, including both the UC San Diego School of Medicine and the Skaggs School of Pharmacy and Pharmaceutical Sciences. We're also home to one of only two Level 1 adult trauma centers in the area and the county's only regional burn center—putting us in a unique position to nurture the physical and economic well-being of our entire region.

NO LIMITS.

- 834,841** Total outpatient visits (2018)
- TOP-RATED** HIV primary care program in the nation at Owen Clinic
- 8** Nobel laureates who have taught at UC San Diego Health Sciences
- 4TH** Among public medical schools for National Institutes of Health funding
- 7,000+** Patients receive treatment through clinical trials
- 1,500+** Doctors and scientists who are published experts in their fields
- NCI** The region's only National Cancer Institute–designated Comprehensive Cancer Center
- \$423.7 MIL** In charity care and other community benefits, including our Student-Run Free Clinic Project (2018)

ENJOY THE VIEW.

UC San Diego's advancements in science, engineering, the arts, humanities, and more are hard to miss. We're improving lives locally, nationally—even globally. Precisely the impact we set out to make nearly 60 years ago.

NOTABLE ACCOLADES:

- 16** Nobel laureates who have taught at UC San Diego
- 17** Faculty who have received a National Medal of Science, Fields Medal, Tony Award, Academy Award, MacArthur "Genius" Fellowship, Pulitzer Prize, Presidential Medal of Freedom, or Grammy Award
- 200,000+** UC San Diego alumni worldwide

UC San Diego

RESEARCH IMPACT

For nearly 60 years, breakthrough research and innovation have been at our core. And, in just the last five years, our research has helped launch 100 licensed start-ups in health care and engineering—providing hundreds of jobs and fueling acquisitions by tech giants like Cisco and Apple. It's no wonder many call us the Silicon Valley of SoCal.

MAKING WAVES.

COMMUNITY IMPACT

We believe students from all economic backgrounds should have access to a world-class education. Because access is the foundation for true impact—from jobs to revenue to the environment. It's why we provide lifelong learning opportunities through The Preuss School, serving first-generation students bound for greatness; and through UC San Diego Extension, serving 137,000 learners annually.

IT'S IN OUR DNA.

- 3,000** | Extension students and visitors from 49 countries, whose spending contributes directly to the local economy
- #1** | Best high school in San Diego County: The Preuss School UC San Diego (*U.S. News & World Report*)
- 10,000** | Teachers and school administrators assisted in preparing students for college and new career pathways through more than 120 Extension programs annually
- 4,000** | Middle and high school students exposed annually to the rigorous expectations and rewards of higher education through Extension programs
- 3 MIL** | Community service hours contributed by faculty, staff, and student volunteers annually

OUR IMPACT CONTINUES

With our roots as an experimental university, we've always had one eye focused on making groundbreaking discoveries that impact the present, and the other firmly fixed on the future. Looking ahead, we know the impact our university makes will pay very real economic dividends in years to come.

- \$18.8 BIL** | Projected annual economic impact for the state of California by 2023
- \$12.9 BIL** | Projected annual economic impact for San Diego County by 2023
- 65,600** | Projected faculty, staff, and student population of the campus by 2035
- 2021** | Expected date for an 11-mile expansion of the UC San Diego Blue Line trolley to service communities from University City to downtown, where we are developing a new business and cultural hub
- 2028** | Projected date to be the nation's largest residential campus

- #4** | Public institution for start-up creation
- #7** | In the nation for patents
- 1,000+** | Companies that utilize, or have utilized, technology created at UC San Diego
- \$32.4 BIL** | Total estimated annual sales of active UC San Diego-related companies in San Diego County, including those utilizing licensed technology

THE ART OF MAKING WAVES

Our ripples are felt locally and globally.
